Hi Mr. Patrick,

If you refuse to send them you must provide an exemption. What is it?

Also, I did submit this request via LAWA CPRA and they transferred it to you over my objection.

As I said, please either cite an exemption or produce the records.

Also, I will resubmit it to Ms. Gisbert

Thanks for your continued good faith!

Adrian

Dear Mr. Patrick.

My request is not vague. It is not general. It is both exceedingly precise and extraordinarily specific. Using nothing more than the actual words of my request it is possible to tell whether any object in the world is a responsive record or not. Please follow these steps:

1. Is the object a PDF? If no, stop.
2. Was the PDF created by LA Airport police in response to a request for records made non-exempt by SB1421? If no, stop.
3. If yes, it's responsive and I need to obtain a copy in response to this request.

That seems pretty precise to me, but perhaps you have some more good faith questions. Please advise.

Also, this is about the third time you've asserted that I wish to "to maintain privacy and confidentiality." I don't believe this to be the case, and if you'd care to tell me either how you got that idea or why you keep saying it without having got the idea anywhere, I'd be interested to learn.

specific. As you are aware and have indicated below, the records have been previously released by LAWA (see yellow highlight below). Kindly advise as to which records you are referring to in the yellow highlight below.

In order to clarify your request, feel free to call me directly to discuss. As I understand you want to maintain privacy and confidentiality. Please feel free to block your number. I look forward to hearing from you.

Dear Mr. Patrick!

As I said, here are the records I am seeking:

Today I am seeking copies of all PDFs created by LA Airport Police in response to requests for records made non-exempt by SB1421. Since these have already been released by LAWA in response to CPRA requests any potential exemptions have been waived and therefore I believe the law requires LAWA to supply them promptly.

I hope this clarifies things for you.

"certain records" you are seeking under SB1421? Additionally could you identify a specific time frame. This may help streamline our research and identify the respective documents you are trying to locate.

In order to help me identify the ***certain*** records you are trying to locate, are you able to assist by identifying a unit or section name, personnel involved or the topic or subject matter involved in your request.

Hi Mr. Patrick,

thanks for your answer. However, this is not an allowed response under the CPRA. As I said, I am seeking copies of certain records. You're not claiming that they're exempt and so your options under the law are to provide copies or to provide download links.

I don't know whether you've already provided me with copies or not but I don't see that it matters. In fact I am aware of at least one published appellate case, the name of which you can have the City Attorney find for you as they're being paid for that sort of thing, in which the court explicitly held that, for perfectly rational reasons, requesters have a right to request and receive copies of records copies of which they already have.

So please reconsider your response and choose one of the options legally open to you.

Thanks, and appreciative, as always, of your good faith!

On Friday, November 1, 2019 at 12:38 PM LAWA IMTG provided you with an email advising that a 14 day extension was necessary. Based on a review of your request, there are no additional documents to provide you. APD has already provided you with copies of all PDFs created by APD with redactions pursuant to Penal Code Section 832.7, subdivisions (b)(5)&(6) in response to requests for records made non-exempt by SB1421.

This completes this request.
